

<NSObject>

<MQTTSessionDelegate>

MQTTSessionManager

```
classDiagram
    class NSObject
    class MQTTSessionDelegate
    class MQTTSessionManager
    NSObject <|-- MQTTSessionManager
    MQTTSessionDelegate <|-- MQTTSessionManager
```

The diagram illustrates the class hierarchy for MQTTSessionManager. It is a UML class diagram with three classes represented as rectangular boxes. At the top left is the NSObject class, at the top right is the MQTTSessionDelegate class, and at the bottom center is the MQTTSessionManager class. Two inheritance arrows point from the MQTTSessionManager class to the NSObject and MQTTSessionDelegate classes, indicating that MQTTSessionManager inherits from both.
