

<NSObject>

<MQTTFlow>

MQTTCoreDataFlow

```
classDiagram
    MQTTCoreDataFlow --> NSObject
    MQTTCoreDataFlow --> MQTTFlow
```

The diagram illustrates a class hierarchy. At the bottom is the class 'MQTTCoreDataFlow'. Two arrows point upwards from this class to two separate boxes above it. The left box is labeled '<NSObject>' and the right box is labeled '<MQTTFlow>'. This indicates that 'MQTTCoreDataFlow' inherits from both 'NSObject' and 'MQTTFlow'.
